

Dear colleagues, clients, suppliers and other partners of W.G. Salari,

We are currently all living in uncertain times. This disease that controls the world, has most certainly has its effect on our company, as well as on all individuals which are connected to our company.

At first, we would like to express our gratitude to all, who are still performing to their best abilities in these most uncertain times. We are very grateful and proud, that our truck drivers, warehouse-, cleaning-, workshop, office- and facility employees are as flexible as they are to be able to still be at service to our clients, on the performance level that they may expect from us.

In addition to that, we would like to once more emphasize to the precautions we had to take in order to make sure that the COVID-19 virus will hopefully not be able to spread within our company and your private lives as well:

- Our offices and other business units in Sittard (NL), Geel (BE) and Selfkant (DE) are accessible only to those qualified to be there. This includes the different departments within the company;
- Sanitation for truck drivers will of course be still opened, they are cleaned on a regular basis;
- Office employees that are able to work at home efficiently, will do so;
- It is not allowed for visitors to be given access to the buildings, only with explicit permission of the board;
- Furthermore, we ask every single one of you to act on a professional and responsible way regarding the current situation. Follow the rules and guidelines as provided by all governments.

Considering all employees, we took the mandatory precautions:

- Avoid personal contact as much as possible, shaking hands is prohibited, keep a minimum distance of at least 1.5m to each-other;
- Wash your hands regularly and thorough, preferably with antibacterial soap;
- Protective masks and gloves are provided to our drivers to be used at sites where this is mandatory;
- Information is provided to recognize symptoms and how to react to them.

We all know that this is not an ideal situation, and that we ask a lot of everyone, but this is the only way to make sure that every one's health and safety is secured, as well as the continuity of our business.

Thank you again, and a lot of health and prosperity for the time to come!

On behalf of,
The Board of W.G. Salari
